

NAQVI AND SIDDIQUIE
ARCHITECTS - ENGINEERS ISLAMABAD

6th August 2002

TO WHOM IT MAY CONCERN

We have inspected the facilities of M/S ITTEHAD STEEL, Plot 417, I-9, Industrial Area, Islamabad. Subsequently, we found them to meet our standards of quality, to our complete satisfaction, for the following Grades and Types of Steel Bars

DEFORMED BARS GRADE 40
DEFORMED BARS GRADE 60
COLD TWISTED BARS GRADE 60

Therefore, we have approved this plant as a regular source of reinforcement steel bars at all our projects, both ongoing as well as upcoming. Some of our projects, for which their steel has been tested and approved for, are:

- BAHRIA UNIVERSITY, Islamabad
- TELECOM FOUNDATION HEADQUARTERS, Islamabad
- FATIMA JINNAH WOMEN'S UNIVERSITY, Rawalpindi

Sincerely,

Munir Khan Nayyar
