

**Government of Pakistan**  
**Prime Minister's Secretariat (Public)**  
**Earthquake Reconstruction and Rehabilitation Authority**  
**Islamabad.**

No: 8105/DG (M&E)/ERRA/21

Dated 19 June 2006

Subject: **Establishment of Construction Material Hubs (Steel) on Government Land in Earthquake Affected Areas.**

1. You are hereby permitted to establish Main Hubs containing following construction material at places shown against each:-

<u>Serial</u>	<u>Item/Hub</u>	<u>Location</u>
a.	Steel,	Muzaffarabad Balakot

2. You will be bound to abide by following terms and conditions in this regard:-

- a. Land on which the Hubs will be established will remain government property and you will be bound to vacate it at a short notice (not more than one week), whenever ordered by the Government/ERRA.
- b. Though you will not be required to pay rental charges for the land provided, but you will be bound to pay bills of utility services, if availed at the said land.
- c. You will not be permitted to use the facility for any purpose other than establishment of Construction Material Hub. You will be liable to abide by the instructions issued by ERRA from time to time and ERRA shall only act as facilitator.
- d. You will ensure to provide sufficient construction material at economical rates to the earthquake affected population throughout the course of reconstruction/rehabilitation.
- e. No exemption of government taxes will be facilitated by ERRA.
- f. You are advised to ensure the quality of the construction material. ERRA's representatives will monitor the quality and prices of the construction materials. Any violation shall lead to cancellation of the facility.
- g. You will not place steel having strength less than grade 40 at your hub. ERRA will have the right to close your hub if steel lower than the specified strength is found at your hub at any stage during the course of sample testing.

3. Please coordinate with the respective DCOs/DCs and ERRA Field Officials for the exact indication of land.
