WHOM IT MAY CONCERN

This is to confirm that **ITTEHAD STEEL** has been our source of Reinforcement Steel Bars for both Grade 40 and 60, confirming to the specifications and requirements of ASTM A615. Their steel has been tested and been found fit for use in various structures.

Their support in the form of quality of product and timely delivery has helped towards the success of our project (S).

We can recommend the services and steel form **ITTEHAD STEEL** for use at any nature of project.

For **Habib Rafiq (Pvt.) Limited**

(M. Aslam Malik)
