

Embassy of the United States of America
Islamabad, Pakistan

TO WHOM IT MAY CONERN

This is to certify that M/S Ittehad Steel Industries, located at Plot No. 417 Industrial Area, Islamabad is one of the Embassy's regular firms for the supply of high tension steel reinforcement bars. This firm has been doing business with the Embassy for the last five years. They recently supplied high tension reinforcement steel bars conforming to the industry standard of ASTM-615 for an Embassy project..

Their services have been such that we can recommend their firm to others with similar requirements.
